Set Your Clocks Ahead One Hour... *Spring Forward!* Daylight Savings Time - March 14, 2021

It's almost that time of year again. Soon the clocks will *spring ahead* for most of the country, and we'll enjoy that extra hour of daylight in the evening. We'll also lose an hour of sleep...

Daylight Saving Time (DST) is the practice of setting the clocks forward one hour from standard time during the summer months, and back again in the fall, in order to make better use of natural daylight. DST in the United States begins each year on the second Sunday in March when clocks are set forward by 1 hour. They are turned back again to standard time on the first Sunday in November as DST ends.

Take time to change batteries in your smoke alarm!

Celebrate Arbor Day - PLANT A TREE!

Earth Day, April 25th and Arbor Day, April 30th celebrate the
environment. This year with COVID19 still among us, get outside to
enjoy the spring weather! Plant a tree in your yard. Take a nature walk
or hike. There are many walking trails in this area.

Try geocaching – finding hidden treasures.

Go online and look up ways to celebrate!

BRUSH PICK-UP SPRING REMINDERS:

- It is very helpful if branches are set near the road with the largest ends closest to the shoulder.
- No branches over 4" in diameter
- If a tree is removed by professional tree service, make arrangements for them to take the brush/branches.
- Yard waste is to be brought to the enclosure behind salt shed at Township.
- No yard waste in ditches!

Yard Signs

Garage sales will be here soon, as the weather gets warmer.

Remember ANY temporary signs need to be removed after the event.
